To Whom It May Concern

This is to certify that Dr. Manochehr Riahi is one of our most active board members who runs pilot projects, weekly news files, foreign communications, Public Relation, etc. in the Center of Ecological Technique in Gothenburg - Sweden. Dr. M. Riahi represents this center as the international coordinator to establish CET branches in Iran and neighboring countries.

We hope to attract and empower the voluntary academic centers, NGOs, CBOs and all active organizations in the fields of "Sustainability", related to the Eco-Technique to become active locally, as well as develop internationally, and by this certification we strongly support Dr. M. Riahi for his valuable international endeavours.
